

414 avenida eldorado

There isn't a more beautiful place to build your dream estate!

MLS #201603131 \$3,359,000

This is an enchanting 1,080 acres of land filled with abundant wildlife and surrounded on two sides by state-owned lands. This is a horse and agricultural friendly area, so the possibilities are endless. A producing 6" steel water well and an access road are added bonuses. Given the land and all the wildlife, it is surprising that this tract is a relatively short drive to Santa Fe with its restaurants and cultural amenities.
